ENDING (page 5)

Name	Response	Item	Ending
Tiny	Shy	Sword	Oh My Days

Mr. Moose	I don't know	Snacks	WOW!
Blue	Full of beans	Flag	Watch and learn...

Frankie	I'm not ready	Toothbrush	Awesome!
Jack	Excited	Rollerskates	
Morgan	Great!	Special thingy!	
Femi		Blankie	
Kendall		You-know-what!	
River		Socks	

Plan out your story on a separate piece of paper. What does your character look like? Are they your age or younger/older? Does your character have a friend that they're talking to?

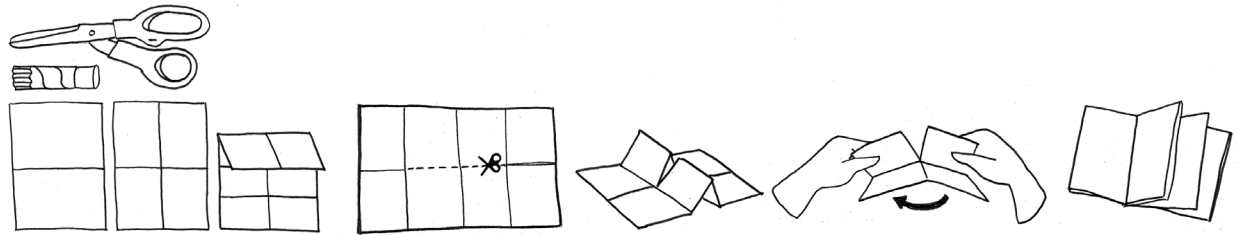

For the front cover use the title '**XXX's Adventure**' alongside a drawing of either your character or the item they have. When illustrating your story it's a great idea to start by introducing your character doing some sort of action. Think about their emotions, and what adventure they are about to go on. When ending this story you'll want to finish with a big reveal to **SURPRISE** your reader.

Using the second page cut and paste any of the images to add to your drawings and if you can't cut and paste feel free to copy any of the images to fit into your story.

Make it pretty, make it exciting! If you have colouring pencils/markers/pens/coloured paper add them in and have fun!

# CREATING A PICTURE BOOK

What you'll need to create your picture book:

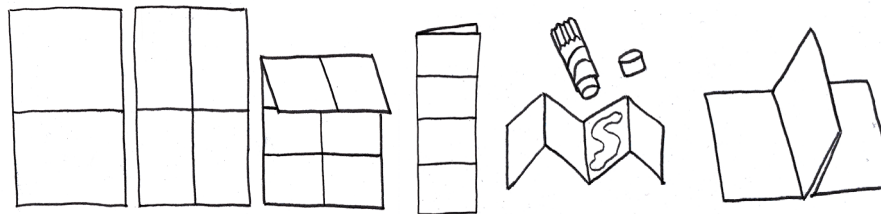

Using a blank piece of A4 paper first fold your page in half then in fours and again into eights.

Ask an adult to cut the middle of the page as shown in the diagram.

Using the opening slot fold the paper onto itself. To make the book more secure glue these pieces together.

**OR**

Using a blank piece of A4 paper first fold your page in half then in fours and again into eights.

Fold your page in half lengthways and fold the page on alternating sides to create a zig-zag fold.

Using this new fold glue together the two middle rectangles to make the book more secure.
