

LOOKING FOR SHAPES!!!

ACTIVITY

Look for shapes in your environment. What shapes can you see? Look at the objects, buildings, vehicles, people, nature... everything that's around you. Record what you observe.

LOOK

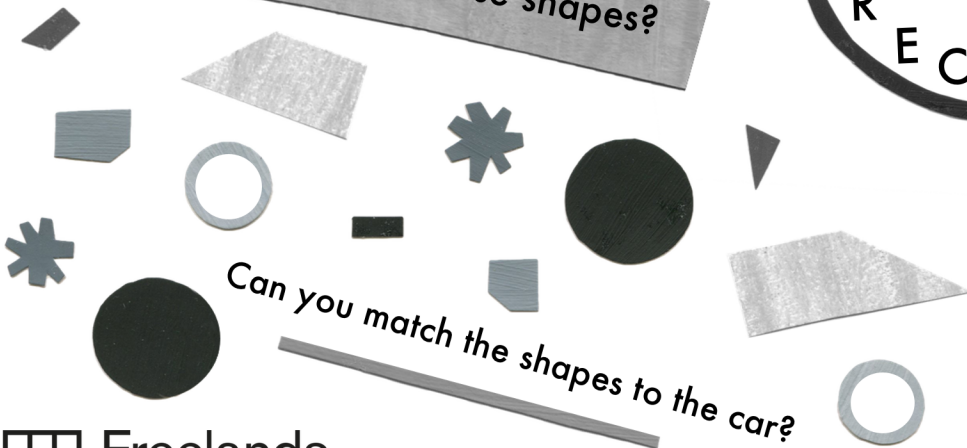

FOR EXAMPLE

I saw a car...

Here are the different shapes I observed.

Think. Look. Observe.
Then **Record** the shapes you see.

RECORD

How might you record your observations?

DRAW?

SEPARATE OUT?

TRACE?

PHOTOGRAPH?

COLLECT?

WRITE?

With the shapes you have observed and recorded, create images from your imagination!

1. Cut shapes out.

2. Colour them in.

3. Arrange them.

4. Stick them down.

Can you make an animal?

Can you make a building?

Can you make a person?

Can you make a vehicle?

- How can you add pattern/texture?
- Can you make your image 3D?
- Is it possible to make your image move?
